

Can We Count on You??

Every year, our synagogue community looks for good folks to help Or Hadash move into the next governance cycle. The Leadership Development Committee guides this process and will present a slate for nomination to the Executive Committee and then the Board. If approved, this slate of officers and directors and committee chair people is introduced to the community in May at our Congregational Meeting. Then in June, we begin a new term of lay leadership. There are openings for committee chairs and in leadership positions where your talents are desired. You can help make Or Hadash better, stronger, even more welcoming, and even more fun, etc.

Overall, we need people willing to get involved. We need people who are visually artistic; folks with marketing skills; folks with interest/experience in school development and education; congregants who like to socialize and make fun events happen; people who want to have a say in congregational finance. Or Hadash is your synagogue and your help is needed in its spiritual, intellectual and social action activities. Find your role this year.

If you're interested in nominating yourself, or someone you know, to join us on the Or Hadash Board, please email me at lanimoss@comcast.net or give me a call at 215-635-1642. Let me know when is the best time to reach you by telephone and at what number. I'll be very happy to take some time off your hands and put it to good use for Or Hadash.

And if you'd like to be involved in some other way, or know someone who should be connected to governance in the community, please let me know that as well. I look forward to hearing from you, to finding ways to involve you more, and to being inspired by your commitment as we work together to build our community for many years to come.

I would like to “count” on you,

Lani Moss

Immediate Past President and Chair Leadership Development Committee
