

## Or Hadash

### Financial Commitment Accommodation Form 2017-2018

*At Or Hadash, we never let finances stand in the way of membership.*

The overriding goal of Or Hadash is to meet the underlying spiritual and community needs of our membership while ensuring long-term congregational viability. While we establish financial commitments (primarily dues and tuition) on an annual basis at the lowest level possible to meet the congregation's financial obligations, we understand that not all of our members are in a position each year to pay the expected commitments in full. If you feel that you are unable to pay your full financial commitments as an Or Hadash member, due to your current financial situation, we are able to accommodate your needs through dues reduction or scholarships to defray the cost of tuition.

Our goal is to ensure that any member of our community who wishes to remain a part of Or Hadash will not be prevented from doing so because of financial exigencies. Of course, the Treasurer and other officers of the congregation also have a fiduciary obligation to ensure that the congregation remains financially stable and that all members who can pay the financial commitment do so. It is for this reason that we are requesting the information on this form; there is no intention to unnecessarily pry into members' personal situation or financial details. We understand how difficult this process can be and we assume that only members who truly cannot pay their full financial commitments will fill out this form. With that in mind, we will strive to make the process as painless as possible.

Please complete this short form and send it to the Or Hadash office, to the attention of the Treasurer. The Or Hadash Treasurer will review the information, in strictest confidence, and then contact you.
