

Sheltering from the Elements

To benefit HIAS - The Hebrew Immigrant Aid Society

SATO is collecting new and gently used items to help shelter new immigrants from the cold and rain. These donations will go to HIAS, the international migration agency of the American Jewish community. HIAS provides assistance to refugees and immigrants of all backgrounds.

HIAS has specifically requested the following items:

- Blankets - this is their greatest need
- Gloves (adult and child sizes)
- Hats (adult and child sizes)
- Socks (adult and child sizes)
- Umbrellas

Most refugees come from hot climates so blankets, winter hats and gloves are in greatest demand.

Please bring your donations to Or Hadash any time between December 1st and December 31st.
